

PROFESSIONAL STAFF DEVELOPMENT

The Gloucester County School Board provides a program of high-quality professional development, subject to availability of funds, to include, but not limited to, programs:

- (i) in the use and documentation of performance standards and evaluation criteria based on student academic progress and skills for teachers and administrators to clarify roles and performance expectations and to facilitate the successful implementation of instructional programs that promote student achievement at the school and classroom levels;
- (ii) as part of the license renewal process, to assist teachers and principals in acquiring the skills needed to work with gifted students, students with disabilities, and students who have been identified as having limited English proficiency and to increase student achievement and expand the knowledge and skills students require to meet the standards for academic performance set by the Board of Education;
- (iii) in educational technology for all instructional personnel which is designed to facilitate integration of computer skills and related technology into the curricula, and
- (iv) for administrative personnel designed to increase proficiency in instructional leadership and management, including training in the evaluation and documentation of teacher and administrator performance based on student academic progress and the skills and knowledge of such instructional or administrative personnel, and
- (v) designed to educate School Board employees about bullying and the need to create a bully-free environment.

In addition, the Board provides teachers and principals with high-quality professional development each year, to include, but not limited to, programs in:

- (i) instructional content;
- (ii) the preparation of tests and other assessment measures;
- (iii) methods for assessing the progress of individual students, including Standards of Learning assessment materials or other criterion-referenced tests that match locally developed objectives;
- (iv) instruction and remediation techniques in English, mathematics, science, and history and social science;
- (v) interpreting test data for instructional purposes;
- (vi) technology applications to implement the Standards of Learning; and
- (vii) effective classroom management.

All instructional personnel are required to participate each year in professional development programs.

Employees may be required to take certain coursework or receive training as determined by the Superintendent for the benefit of the educational program and/or for professional development. Such required activities will be taken in the time frame specified for completion. All tuition costs for the required coursework or professional activities will be paid by the school division. When the school division pays for coursework, the Superintendent shall request in writing that the employee agrees to a reasonable period of continued employment or the money paid for the coursework will be returned to the division.

The board will annually review its professional development program for quality, effectiveness, participation by instructional personnel, and relevancy to the instructional needs of teachers and the academic achievement needs of the students in the school division.
