

COMMUNITY RESOURCE PERSONS / SCHOOL VOLUNTEERS

The Gloucester County School Board supports and encourages the active participation of parents and members of the community in providing and extending educational opportunities for students. Capable and well-informed persons from the school community and outside the school community can make valuable contributions to the classroom activities. Teachers desiring to invite community resource persons to present pertinent information to a group of students should be guided by the maturity of the students and the relationship of the material to be presented to the on-going instruction program of the students. The administration of each school will direct the activities of parents, volunteers and other community resources at the building level.

Invitations to address school assemblies or large groups of students may be extended only by a principal of a school or a designee. The principal will inform the Superintendent of Schools or his designee prior to extending an invitation to an outside speaker to address a school assembly.
